

## Metamark MD-100R Series

Removable Calendered Digital Vinyl

**Metamark MD-100R** is a removable grade calendered self-adhesive vinyl, ideal for temporary graphics, promotions and advertising onto flat surfaces.

It features a 100 micron bright white film, offering brilliant colour reproduction on Solvent, Eco-Solvent, Latex and UV inkjet printers. It is suitable for application to high energy surfaces such as steel and glass, and can be removed cleanly for up to 6 months after application.

**Performance you can trust**
