

MetaGuard 100 Series

Calendered PVC Overlamine
(Matched to MD-100)

MetaGuard 100 is a calendered PVC overlamine, recommended for use with Metamark MD-100 digital print media. As its matched overlamine it offers mutual conformability and weathering, to actively prevent tunnelling or delamination. Available in two finishes, Gloss or Matt.

Applications include advertising, point of sale, windows, advertising boards and other promotional applications.

Performance you can trust
